

HughesNet Gen5 for Business

Bringing the next generation of high-speed satellite Internet to your business.

Available Where You Do Business Today

Your business can finally get high-speed connectivity, even if you're located beyond the reach of cable or are limited by slow DSL. Wherever your business is located, HughesNet® Gen5 provides a reliable, secure, always-on network that gives you instant access to the critical business information and applications you need—email, point-of-sale transactions, Web pages, file sharing, online videos and more.

5 Reasons to Choose HughesNet

1. Fast Speeds

HughesNet Gen5 is fast, with download speeds of 25 Mbps on every plan.*

2. Unlimited Data—No Hard Data Limits

If you exceed your plan data, stay connected at reduced speeds, typically 1–3 Mbps.**

3. Built-in Wi-Fi

Featuring the latest Wi-Fi standards and technology to easily connect your wireless devices.

4. Available in More Places

HughesNet Gen5 is available wherever you do business—even where cable and fiber cannot reach.

5. Trusted by More Businesses

Your business can rely on America's #1 choice for satellite Internet.

Right for Your Business

The great features don't stop at fast speeds, more data and built-in Wi-Fi. Every HughesNet Gen5 plan comes with even more benefits to help you get the most from your service.

Keep your business connected and growing with a generous amount of Daytime Data to help you get more done during standard business hours (8am–6pm), as well as a huge amount of Anytime Data that's available to use 24/7.

Unlimited Data—No Hard Data Limits. Even if you exceed your plan data, you can stay connected at reduced speeds, typically 1–3 Mbps, until your next billing cycle.**

With HughesNet for Business, you can seize new business opportunities, reach new customers, grow and thrive. Put the power of broadband into your business.
